

ONE PUNCH MAN

The cover art features a close-up of Saitama's face, looking down with a serious expression. His spiky blonde hair is prominent. He is wearing his signature blue suit. A large, metallic, silver-colored arm or weapon is positioned diagonally across the frame, pointing towards the bottom left. The background is a mix of dark blue and orange, suggesting a night scene with fire or explosions. In the bottom right corner, a small, bald character with a surprised expression is visible.

► ARMORED GORILLA

A single man arose to face the evil threatening humankind.

His name was Saitama. He became a hero for fun. Three years of special training made him lose all his hair, but he gained invincible power. He achieved such strength that he can defeat any opponent, however strong, with one punch.

Unable to make use of his full strength, he is unsatisfied as a hero, but a cyborg named Genos asks to become his pupil! Then the House of Evolution takes an interest in Saitama's power and sends monstrous assassins after him...

ONE-PUNCH MAN

ONE + YUSUKE MURATA

My name is Saitama. I am a hero. My hobby is heroic exploits. I got too strong. And that makes me sad. I can defeat any enemy with one blow. I lost my hair. And I lost all feeling. I want to feel the rush of battle. I would like to meet an incredibly strong enemy. And I would like to defeat it with one blow. That's because I am One-Punch Man.

A black and white manga-style illustration of Saitama from One Punch Man. He is standing in the center, looking slightly to his left with a confused expression. He is wearing his signature white suit with a cape and a large circular buckle on his belt. Behind him is a large, dark, swirling shadow that resembles a giant hand or a massive cloud. The background is filled with dark, swirling lines, creating a sense of a storm or a chaotic environment. A speech bubble is located in the upper right, and two blocks of text are on either side of Saitama.

The Hero Registry lists the names of heroes who have taken physical strength and justice tests at Hero Association facilities around the country, met certain standards, and received permission to name themselves official heroes. Those recognized by the association as professional heroes may receive funds out of money donated to the association through its fundraising efforts. Heroes listed in the Hero Registry may also appear in ability and popularity rankings. The world pays a great deal of attention to those heroes, and many of them have fan clubs.

Note

What the world refers to as heroes are those professional heroes listed in the registry. Any unlisted individual claiming to be a hero, no matter how active, is viewed askance and considered nothing more than a pervy freak who spouts irresponsible nonsense.

ONE-PUNCH MAN

VOLUME TWO

Nothing about Saitama passes the eyeball test when it comes to superheroes, from his lifeless expression to his bald head to his unimpressive physique. However, this average-looking guy has a not-so-average problem—he just can't seem to find an opponent strong enough to take on! He's easily taken out a number of monsters, including a crabby creature, a malicious mosquito girl and a muscly meathead. But his humdrum life takes a drastic turn when he meets Genos—a cyborg who wants to uncover the secret behind his strength!

This book reads
